

Register Your NFL FLAG Football League

Step 1: Agree to Terms & Conditions

Once you have downloaded and read the Terms and Conditions, please complete the online form to register your league.

Please Note: Please use the same league/organization name throughout the registration process. By using the same league name you will assure a smooth registration process, as well as inclusion in the FLAG zip finder.

Step 2: Submit Insurance Information

Every league is required to provide the NFL with their insurance policy. You must email a copy of your league's certificate of insurance (as an attachment) to NFL@active.com. Be sure to reference your league's name (the same name from Step 1) in the subject heading of your email. Policies will be accepted in .pdf, .jpg and .gif file formats.

To view our coverage/policy requirements please read the Insurance Overview on the website. If you have questions, please email NFL@active.com.

Step 3: Online Player Waivers and Registration

After completing Steps 1 and 2, you will be contacted by an account manager from Active.com to set up NFL FLAG online player registration for your league. Once you've completed the brief setup with your account manager, parents will be able to register their child online to play in your league.

As a registered NFL FLAG league, the online registration system, reporting tools and customer support are provided at no additional cost to you or your parents.

Please note: The NFL will no longer accept any paper waivers. Equipment orders will not be shipped unless all participants have agreed to the NFL FLAG Player Waiver and registered online.

Step 4: Submit Coaches' Information

Reporting Coaches to the NFL:

Every league organizer must provide us with their coaches' information. Please visit the NFL FLAG website for the 2007 coaches' form. For assistance with this step, please email NFL@active.com.
